A BIRTHDAY PARTY

Little Miss Mary Pauline Craig was the charming hostess to a score of little girls last Monday afternoon, who were invited to assist in the celebration of her fifth birthday.

An unusually merry time of games was enjoyed, followed by dainty refreshments, in which the cake, with its adornment of candles, was most conspicuous.

HOME WEDDING

A pretty home wedding was celebrated last Wednesday evening, the contracting parties being Miss Bessie Van Osdoll, daughter of Mr. and Mrs. W. M. Van Osdoll, of West Elk Avenue, and Merrill D. Burke, son of Mr. and Mrs. J. J. Burke, of South Maryland Avenue.

The bridesmaid was Miss Emily Van Osdoll, best man, Mr. Earl Dobe, of Redlands, flower girl, Maurine Burke, and Miss Helen Best played the Wedding March.

The happy pair left the same evening by automobile for the Yosemite Valley. They will live in Glendale.

SCHOOL BOND ELECTION

An adjourned school district meeting was held at the Intermediate School last Monday evening, for the purpose of discussing the proposed bond issue for school needs in Glendale.

An advisory committee of investigation, composed of Ezra Parker, Mrs. W. A. Kulp, and Mrs. Mary O. Ryan, presented the following report:

Glendale, Cal., June 19, 1919.
Committee on Investigation,

Glendale City School District.

Ladies and Gentlemen:—

I wish to submit for your consideration the following data in reference to the present Grammar School at Culver City:

This school building, which was visited by your committee, was built during the fall of 1916 by Chas. W. Kent & Son.

The following schedule of figures shows the cost at that time and the probable cost of the same building today:

General Contract\$38,722	\$57,500
Fixtures	135 300
Vacuum Cleaning System, piping only	125 250
Electric Wiring	688 2,000
Plumbing	2,073 3,500
Painting	1,515 3,000
Heating and Ventilating	3,815 4,950
Architect's fees	2,825 1,000
		<hr/>
		\$49,898 \$72,500

Regarding appropriation for other sites, I believe the amount given in the following schedule would be sufficient for construction purposes:

Intermediate Addition	\$10,000
Furnishings 1,200
	<hr/>
	\$11,200

Columbus Avenue Kindergarten\$ 2,500
Furnishings 900
	<hr/>
	\$ 2,100

Broadway furnishings	\$ 1,000	1,000
Broadway land purchase 6,600	6,600
Land at Cerritos Ave., front and rear 3,200	3,200
Estimated cost of Broadway School as above	72,500
		<hr/>
		\$100,000

Respectfully submitted,

EZRA PARKER.

The question was discussed as to whether it would be advisable to take action at once, and it was explained that if the district should refuse to vote bonds for a new school building at the Broadway site, the old building would have to be moved before the opening of school, while if the money is voted, the old building may remain where it is, for use until the new one is ready. It was voted that the Board of Trustees call an election to vote on a bond issue of \$100,000, as soon as possible.

DIES IN EAST

Charles W. Kimberly, a prominent resident of the Tropico district, living at 1645 San Fernando Road, died Thursday morning at Rochester, Minnesota, according to telegrams received by friends here. The news comes somewhat as a surprise, as he went to Rochester for treatment some little time ago, and reports received only a few days ago stated that he was steadily improving.

At the time of going to press, funeral arrangements had not yet been made, but the body will arrive here Monday morning, and the funeral will be in charge of the Knights Templar.

Mr. and Mrs. Norman Hayhurst and Miss Dorothy Poppy, teachers at Glendale Union High School, left this week for Berkeley to take up summer studies at the State University.

Miss Emily Harvey, formerly of India, but now of Los Angeles, is the guest of her cousin, Mrs. Brown, of Mira Loma Avenue.

Considerable interest is being manifested in the "Annexation to Los Angeles" question and the pros and cons discussed at length.

Of course the "News" is opposed to "annexation," as in that case it would lose its main source of income (the city legal publications), but some of its arguments against annexation are laughable, to say the least.

CHILD LABOR LAW

The child labor law is briefly summarized as follows:

No child under 14 years of age shall be employed **except** during vacation when provided with a "Vacation Permit."

No child 14 years of age shall be permitted to be employed (at any time, whether during school hours or otherwise) unless provided with a "Permit to Work" (Graduate), or a "Permit to Work" (Temporary.)

No child 15 years of age shall be permitted to be employed during the hours the public schools are in session, unless provided with an "Age and Schooling Certificate."

EXCEPTIONS: No permit of any kind is required for any minor employed at agricultural, horticultural, or viticultural, or domestic labor, during the time the public schools are not in session, or during other than school hours. "Horticultural" includes the curing and drying, but not the canning, of all varieties of fruit.

A special permit for children under 16 years to participate in dramatic performances will be issued by the Commissioner of the Bureau of Labor Statistics.

No child under 18 years of age shall be employed more than eight hours per day or more than forty-eight hours per week.

No child under 18 years of age shall be employed between the hours of

10 p. m. and 5 a. m.; or between 9 p. m. and 6 a. m. in messenger service.

No boy under 10 years of age and no girl under 18 years of age shall be permitted to engage in any street trades in any city of over 23,000 population

Employment of minors under 16 years of age is prohibited in certain injurious occupations and industries.

Any violations of the Child Labor Law should be reported to

PROCEEDINGS OF BOARD OF TRUSTEES

Regular meeting of the Board of Trustees was held June 26 1919. All members present. Minutes of the regular meeting of June 19, 1919 were read and approved.

Protests Against Opening of Orange Street

At 8 o'clock the Board took up the hearing of protests against the opening and widening of Orange Street between Lexington Drive and Milford Street. Three of the signers of the protest previously presented to the Board filed requests to have their names withdrawn from the same. A number of interested property owners were present. Chairman of the Board stated that at the previous hearing it was evident that a misunderstanding existed in the minds of the property owners interested, as to the cost of the opening and the proposed improvement of the street, and in this connection he called upon the City Manager for a statement in regard to information given out by his office in reply to questions as to possible cost. The City Manager made a statement, and was followed by Mr. Arthur Brown, who explained conditions and circumstances in connection with the protests filed. The City Engineer stated that with the three names with-

drawn from the protest, the names left on the protest previously filed with the Board represented 49% of the frontage. Trustee Shaw presented the following resolution, which was on his motion adopted on roll call, all voting aye:

"Resolved that the Board finds that protests against the opening of Orange Street from Lexington Drive to Milford Street, as proposed by Ordinance No. 347 of the City of Glendale, are not in due and legal form, and are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district for said improvement and that the proposed improvement is for the opening of said Orange Street for a distance of one block between the termination of two portions of said street existing at the time of the passage of said ordinance of intention, each of which portions of said street is at least five blocks in length, and that the opening of said Orange Street through said intervening block will together with such different portions of Orange Street make one continuous street, and that all of said protests against said opening of Orange Street are hereby denied.

Mr. Bernays a resident of Verdugo Canyon, addressed the Board in reference to a permit to construct a cess-pool on his property. He had secured a building permit but had discovered later that under the City ordinance, the purpose of which is to protect the purity of the water, he is unable to complete his plumbing work. He was informed that owing to the failure to adopt the Bond issue proposition at the recent election, the matter of putting the water underground in Verdugo Canyon, which it was hoped would do away with the present necessary restrictions in regard to improvements in that section, is deferred for the present, and that the conditions of the ordinance will have to be complied with.

Communications

A written request was received from W. E. Anderson for permission to cut down a pepper tree on the northwest corner of San Fernando Road and Los Feliz Road. Referred to City Manager.

The application of L. Lombardo, a hearing of which was set for this date, for permission to establish motor service over the streets of Glen-

dale, between Los Angeles and Van Nuys, was brought up at this time, and owing to the absence of the applicant and of information as to advertising, etc., the hearing was, on motion of Trustee Shaw, continued until 8 o'clock p. m., July 10th, 1919.

A letter was read from Jesse E. Smith expressing appreciation of the action of the Board of Trustees in issuing certificates in recognition of service performed by Glendale citizens in the great war.

Report of Tax Collector

Report of the Tax Collector for week ending on this date was read, showing receipts of \$285.52, making a total for the season of \$84,255.50.

Crown Laundry Co.

A communication was read in the form of a demand from the Crown Laundry Company for credit on account of money paid to the City of Glendale under protest, under an ordinance afterward declared illegal. The communication stated that the company is willing to accept payment of the \$100.00 involved in the form of a license to do business under ordinance No. 348 for such a period as will consume the claim. On motion of Trustee Henry referred to City Attorney.

Communication from City Manager

Communication was read from the City Manager concerning the complaint formerly presented to the Board by Frederica Greve, in regard to the waste water from the ice factory on Wilson Avenue. The City Manager stated that he had examined the conditions existing in regard to this complaint, and is of the opinion that the manner of disposing of the waste water can be and will be improved, but recommended that no action be taken at the present time, as the plant will probably in the near future substitute electric energy for steam power, doing away with any necessity for waste water.

Canvass of Election Returns

The canvass of returns of the bond election of June 17, 1919, was taken up, the Chair appointing Trustees Henry and Jackson tellers, and Trustees Shaw and Woodberry clerks, to canvass the vote, which totaled as

follows:

Total number of votes cast in all precincts for said proposition, 570.

Total number of votes cast in all precincts against said proposition, 434.

Majority of votes cast in favor of said proposition, 136.

That more than a two-thirds majority of the votes cast at said special election held in the City of Glendale was not in favor of the proposition so submitted, and said proposition is hereby declared not to have carried.

Compensation of Engineer of Public Service Department

Trustee Shaw offered the following resolution, which was on his motion adopted on roll call, all voting aye:

"Be it resolved by the Board of Trustees of the City of Glendale that on and after July 1st, 1919, the Engineer of the Public Service Department shall serve without compensation, except that when he shall be directed by the Board to perform any engineering services the Board may agree with him on special compensation to be paid to him for the services so directed, and Resolution No. 1069 of this Board is hereby repealed so far as the same relates to the compensation of said Engineer."

Water Supply on West Broadway

The City Manager made a report in regard to water supply on West Broadway between Pacific Avenue and San Fernando Road and on motion of Trustee Shaw it was ordered that the Public Service Department be and is hereby instructed to supply water at the usual City rates to the residents of that territory, provided that pipe service can be secured without charge to the City.

Trustee Henry made a motion, which was adopted, that when the Board adjourned, it would be to meet at 7:30 p. m., Tuesday, July 1, 1919.

Transfer of Funds

On motion of Trustee Shaw, it was ordered that the following transfers of funds be made, the motion being adopted on roll call, all voting aye:

1. Public Service Fund to General Budget Fund, \$9,650.00.

2. From General Budget Fund to

General Reserve Fund, \$2,087.24.

3. From General Budget Fund to Insurance Reserve Fund, \$525.00.

Trustee Shaw made a motion, which was adopted on roll call, all voting aye, that transfers be made as follows:

1. From Ornamental Lighting District Fund No. 6 to Insurance Reserve Fund, \$5.87.

2. From Ornamental Lighting District Fund No. 9 to Insurance Reserve Fund, \$193.60.

Condition of Domestic Water Supply

City Manager made a report on the condition of the domestic water supply. He stated that Dr. Griffin, of Los Angeles, an expert on the subject, had been employed to investigate the matter, and had been working on the same in conjunction with Dr. Chase, the City Health Officer, and Mr. Chobe, the Building Inspector. Dr. Griffin's report is not yet completed, but will show that the foreign substance which has recently appeared in the drinking water of the city is a species of white moss, which Dr. Griffin had found to exist in small quantities along the banks of the stream, but not in a quantity sufficient to account for the quantity of it present in the water supplied through the pipes, the inference being that there is some of this growth in the reservoirs. Dr. Griffin had found that the water in the intake is remarkably clear and free from pollution. He recommended that the reservoirs and the entire pipe system be flushed as soon as possible. This will be done as soon as the weather and other conditions permit. Dr. Griffin's report will show that this vegetable growth is not in itself injurious. The City Manager expressed the opinion that chlorinization of the water should be resorted to.

ALUMNI DANCE

The annual party of the Glendale Union High Alumni Association was given Wednesday evening at the Masonic Temple, with an attendance of about two hundred young people. The hall was decorated with ropes of ivy and flowers from the corners of the room to the central chandelier, and Japanese lanterns and great bouquets were used to advantage.

Music was furnished by a four-piece orchestra, and the grand march was led by Miss Rebecca Gregg and Percy McIntyre.

During the evening a business session was held, at which the following officers were elected:

President, Ed Seay.
Vice-President, Grace Beach.
Secretary, Jane Snyder.
Treasurer, Frank Balthis.

Mr. and Mrs. Peacock enjoyed the breezes of the beach Thursday.

The W. R. C. met Friday at the G. A. R. Hall. An interesting meeting was enjoyed.

Friday night the Pythian Sisters had a very interesting meeting. The next meeting will be July 11th. It will be something out of the ordinary, so all sisters are urged to be present.

Mrs. Arthur Reese and family of W. Cypress Ave. accompanied by Louise Kopp, left Friday for a ten-days vacation at Huntington Beach to attend the Holyness Camp meetings there.

Cloves a Microbe Killer.

The odor of cloves has been known to destroy microbes in 32 minutes; cinnamon will kill some species in 32 minutes, thyme in 35 minutes. In 45 minutes common wild verbena is found effective, while the odor of some geranium flowers has destroyed various forms of microbes in 50 minutes. The essence of cinnamon is said to destroy the typhoid fever microbes in 12 minutes, and is recorded as the most effective of all odors as an antiseptic.

Cabbage Salad Recipe

1 quart chopped cabbage, 1½ tumbler of vinegar, 2 eggs, ½ cup butter, 1 teaspoonful mustard, 1 cup sugar, small teaspoonful salt and a little bit of pepper. Beat all together, put on stove to just boil, stirring all the time. Then pour it on the cabbage and cover.

Raisin and Celery Salad

Use 2 cups celery, 2 oranges chopped in bits, 1 cup of raisins, seeded and halved. Add ½ cup of grated apple to 1 cup on mayonnaise, and cover the mixture with this. The dressing should be made with lemon and not vinegar.

Date Fudge

2½ cups white sugar, and milk enough to dissolve well. 1 rounding teaspoonful of butter. Stir over the fire till it boils, then add ½ cup stoned dates. Stir until it reaches the soft ball stage. Remove from fire, add ½ teaspoonful vanilla. Beat until it thickens. Turn into buttered pans, and when cool cut in squares.

Banana Pudding

3 large bananas, 4 tablespoonfuls granulated tapioca, 3 tablespoonfuls sugar, pinch of salt, 1½ pints of water. Let all but bananas cook until clear. Wet a pudding dish in cold water and put bananas and tapioca in layers. Serve with whipped cream.

Crullers

Stir 3 tablespoonfuls melted lard in one cup Karo syrup, add 1½ cups sweet milk and 2 eggs. Into 3 cups flour sift 3 level teaspoonfuls Royal Baking Powder. Stir in, beating well and add enough flour to make a soft dough. Roll out and fry.

W. C. T. U. NOTES

By Miss Adda Burch

The City W. C. T. U. Federation at its last session passed a resolution asking Governor Stephens to call a special session of the Legislature to ratify the Suffrage Amendment, and also voiced its protest against the use of pictures of men with cigars, in advertising.

The July meeting will be held in Sycamore Park.

A Grand Concert will be given July 11 in Blanchard Hall for the benefit of the Southern California Home for Women.

Pennsylvania has ratified the suffrage Amendment, and also passed a bill providing for the observance of a Frances Willard Day in the Public Schools.

Illinois was the first state to ratify the Suffrage Amendment.

The following states now have an annual Temperance Day in public schools: Alabama, Tennessee, Kansas, New Mexico, Kentucky, Wisconsin, Oregon, North Dakota, Missouri, South Dakota, South Carolina, Nevada, and Pennsylvania.

Kansas set a splendid example for other states to follow when the Governor called the legislature for special session to ratify the Suffrage Amendment. All but ten members agreed to pay their own expenses. Hats off to Kansas!

A great mass meeting will be called this (Saturday) afternoon in the auditorium of the Polytechnic High School Building. The following clubs and societies are interested in calling the meeting, which has for its object the early ratification of the Suffrage Amendment by California: Political Equality Club, Votes for Women Club, College Equal Suffrage League, Wage Earners' Equal Suffrage League, and the W. C. T. U. Be present at the meeting, 2:30 p. m. Saturday, June 28 Mrs. J. F. Sartori is chairman of the program committee.

AT THE PALACE GRAND

Today's attractions at the Palace Grand Theatre are out of the ordinary, there being a big double bill ready for our eyes. Marguerite Clark appears in her latest comedy romance, "Let's Elope," and in addition there is Fatty Arbuckle in his latest picture, "A Desert Hero." This comedy is one of special interest to Glendale people, because it was made right here in our city, at the Astra studios on Verdugo Road. scribed as the greatest comedy of his career. Matinee begins at 2:30, and

evening shows at 7:00 and 9:00.

"The Fire Flingers," an excellent story that appeared in the Saturday Evening Post a short time ago, will be seen on the screen here tomorrow, Sunday, June 29. Rupert Julian plays a leading part, and the other characters are represented by well known actors. The picture is taking big wherever it is shown. On the same program is "The Last Bottle," a comedy hit based on the coming of prohibition. Matinee begins at 2:30, and evening shows at 7:00 and 9:00.

For Monday we are to have "Spotlight Sadie," a story of the chorus and

men with money. This is a brand new picture, featuring Mae Marsh, and is shown here first. There will also be shown the latest Pathe News reel and also Consolidated Cartoon comedy and Pictographs.

Harold Lockwood will appear on Tuesday's program in a beautifully clever play, "Shadows of Suspicion." On the same program is a Harold Lloyd Comedy, "Back to the Woods," and also Bruce's mountain wonder pictures. Matinee at 2:30, evening

"FATTY" ARBUCKLE

in "A Desert Hero"

Famous Arbuckle Comedy

shows at 7:15 and 9:00.

The famous stage play, "The Third Degree," is the feature for Wednesday, July 2. Alice Joyce has the leading part, and it is her biggest. The play was a tremendous success, and the picture is great. On the same program is a Lyons-Moran comedy.

Shirley Mason in "The Rescuing Angel" is the attraction for Thursday.

For Friday, July 4th, an old favorite will be shown, Jean Webster's famous story and play, "Daddy Long Legs." This story took the country by storm when it was published a few years ago, and the picture made from it is one of the best that Mary Pickford ever appeared in. It has been called "the funniest, saddest, sweetest story in the world," and is one that every member of the family will enjoy. It will be shown at the regular Palace Grand prices.

For next Saturday we are promised Dorothy Gish in "I'll Get him Yet."
